

R.A.F. Makes First Day Attack on Nazi Capital

Thousands of Prisoners Taken

Two Russian Armies Intensify Attacks on Kursk, Kharkov

Policy Explained

Board Authorized Buy 280,000,000 Bushels of Wheat

OTTAWA, Jan. 30. — (CP) — Trade Minister Mackenzie said today that under the 1943 wheat policy which he announced yesterday the Canadian wheat board will be authorized to buy the same amount of wheat at the government-guaranteed minimum price as it is buying in the current crop year — 280,000,000 bushels.

Mr. Mackenzie announced yesterday that wheat deliveries in 1943-44 will be limited to 14 bushels an acre, and that the government-guaranteed price will remain unchanged at 90 cents a bushel, basis No. 1 Northern at Fort William.

Year Not Specified

He said that instead of restricting deliveries to wheat grown in the new crop season, farmers will be permitted to sell the wheat board any wheat they have on hand, whether it was produced in 1943 or in any previous year, up to the amount of 14 bushels an acre.

The acreage on which the 14-bushel quota is based will be the same as the German quota in 1943, Mr. Mackenzie said today. "A farmer who doesn't grow any wheat at all this year will still be able to sell up to 14 bushels for each acre."

To Cut Rations Of Servicemen

OTTAWA, Jan. 30. — (CP) — Immediate reduction in the amounts of beef, pork, fish, butter, sugar, coffee and tea allowed to the Canadian armed forces in Canada was announced today by the Defence Council, representing the government.

The announcement said the reduction, designed "to ease Canada's present food shortage," would bring army, navy and air force rations more nearly into line with the civilian scale.

The ration of beef, pork, fish, butter, sugar and tea have been reduced 25 per cent and of sugar 10 per cent.

The armed forces scale for butter, coffee, tea and sugar is still higher than the amounts civilians are allowed under coupon rationing, the announcement said.

Air Fleet Adds Torpedo Plane

LONDON, Jan. 30. — (CP) — In the wake of Allied raids on Axis airway communications serving a submarine base and other targets, an authorized British source announced today that the Royal Canadian Air Force has a new torpedo plane to add to the old Swordfish biplane for years a good account of itself because of its manoeuvrability. The new machine is a monoplane, whereas the Swordfish was a biplane, and in such a way that it is a very slow although it had great lifting power. No other details of the new craft were revealed.

22 Nazi Fighter Planes Destroyed By U.S. Bombers

LONDON, Jan. 30. — (AP) — American four-engine bombers destroyed 22 German fighters in Wednesday's large scale raid on the Wilhelmshaven submarine base and the Emden industrial area, the British Ministry of Air said today.

Fliers who took part in the raid reported that the German defending force numbered 44 fighters, that the Americans knocked out almost the entire opposition.

Protest Is Sent To Government On Wheat Policy

CALGARY, Jan. 30. — (CP) — A telegram has been sent from the Canadian Federation of Agriculture to the federal government protesting the government's apparent intention to completely disregard the outlook of viewpoint of organized farm producers of Canada.

Hitler Ordered Fight to Death At Stalingrad

LONDON, Jan. 30. — (CP) — The Daily Mail said yesterday that Hitler flew to the headquarters of his trapped 6th Army at Stalingrad three days before the final Russian assault began and called his troops to fight to the death.

The newspaper's correspondent said this report from a neutral cable. It is said Hitler told the troops that it was impossible to organize a relief force, and that the fate of the Fatherland was in their hands.

Hitler Says: Must Win War Or Be Enslaved By Bolshevists

LONDON, Jan. 30. — (CP) — Hitler said today in a proclamation on the 10th anniversary of his rise to power that they must win the war or be enslaved by Bolshevists.

In the Führer's address, Propaganda Minister Goebbels read the address before an audience of 10,000 persons at the Sports Palace.

Hitler was joined by his officers, and his speech followed by a few hours with Marshal Goebbels, who was delayed by bombs dropped by the R.A.F. in daylight raid on Berlin.

Goebbels declared Germany would be placed under martial law, declaring there was no necessity for this as the people were united and willing to make any and all sacrifices for victory.

"The German people are taking up action stations," Goebbels said, "they will see no retreat."

MUST 'SAVE' CONTINENT

The Hitler proclamation asserted: "We must fight to the death until the whole continent has been saved."

POPULAR 'LETTER FROM HOME' WILL APPEAR TUESDAY

The Edmonton Bulletin's popular "Letter From Home" column, which thousands of Edmonton and Alberta families send in, will appear in the Bulletin each Tuesday instead of Saturday. Therefore the usual "Letter from Home" column will appear in the Bulletin. However, subscribers will find it in its usual place on Tuesday thereafter.

Details Revealed

New Quebec Power Project To Be Greatest in World With 2 Million Horsepower

By EARLE BEATTIE
Editorial Assistant
Copyright, 1943, by British United Press

ARVIDA, Que., Jan. 30. — Over two years of official secrecy, imposed for reasons of energy, ended today as Ottawa gave permission to tell the full story of how Canada is building the world's largest power system at nearby Shipshaw, Que., on the upper reaches of the Saguenay river, to provide the United Nations with vast

This hydro electric monster, being installed by Aluminum Company of Canada at a cost of \$60,700,000 will be able to produce 2,000,000 horsepower by next November — a development greater than that at Boulder Dam. Shipshaw plant will produce 30 per cent more continuous firm power than Boulder Dam, and raise hydro power to 10,000,000 horsepower and Canadian horsepower development.

40 Ounces Weekly Vendors' Stores Restrictions Are Announced

New regulations covering the sale of hard liquor, wine, and bottled beer were announced Saturday by J. A. King, chairman of the Alberta Liquor Control Board.

Effective immediately, the new restrictions will apply to Alberta liquor stores, hotels and clubs. They result from a conference attended by provincial liquor commissioners, called to consider ways and means of controlling the sale and distribution of alcoholic beverages.

Permit holders now will be allowed to buy one 40-ounce bottle of hard liquor, or one 40-ounce bottle of wine, or one 40-ounce bottle of beer, in any one week, if their combined contents are not more than 40 ounces.

If wine is purchased in gallon jugs, the sale will be limited to one gallon a month. But if it is purchased by the bottle, the 40-ounce limit per week will prevail.

Beer is limited to two dozen small bottles a week, or one-eight of a keg of draught beer over the same period. The sale of beer was cut to three gallons a week, just recently, and is now cut by another dozen.

NEW SYSTEM

For the purpose of recording sales to permit holders, a calendar week is instituted instead of the present bi-weekly system.

Monday to Saturday, would allow a purchaser to buy his 40 ounces on a Friday, and another 40 ounces the following Monday.

This system only once, as the present purchase would not be allowed till the following Monday.

If a permit has been lost, anyone of legal age may apply for a new one.

Edmonton Pilots In Lorant Attack

LONDON, Jan. 30. — Canadian fighters attacked a German bomber on Saturday night in the growing light against submarines when, RCAF, over the North Atlantic, announced, they formed a "great part" of the day's operations.

German bombers were seen smashing punches to the U-boat base at Lorant, France.

Returning Canadian crews agreed there was far more anti-aircraft fire than usual. "A lot of heavy stuff," they said.

Two RCAF planes and two Canadian fighters were seen in the air. One of the fighters was shot down by a German fighter.

A Halifax bomber from a squadron commanded by Wing Cmdr. W. D. (Tom) Ferris of Edmonton was attacked from the rear by a Junkers bomber.

A short burst from rear gunner broke off of Humboldt, Sask. The bomber was not seen again.

Navy Abandons Provost Corps

OTTAWA, Jan. 30. — (CP) — The Naval Provost Corps has been disbanded, the Canadian Navy announced today.

A short burst from rear gunner broke off of Humboldt, Sask. The bomber was not seen again.

Manpower Vote

OTTAWA, Jan. 30. — (CP) — The House of Commons today voted 147 to 100 to support a motion that the government should not be asked to spend more than \$2,000,000 on a project to build a new highway from Edmonton to the Red River.

Continued on Page 3, Col. 1

Bad news for the Japs would be an appropriate caption for the above picture. It shows four soldiers, clad in white winter attire, heading northward in one of those new marvels of a modern technological war, an army, seen. The photo was taken at the south end of the high level bridge, where a sign proclaims the "start" of the famed Alaskan highway. The soldiers are wearing full parkas of snowy-white, a hard thing to beat in this kind of weather. In the jeep are Cpl. Dallas G. Kindred, and Privates Felix Wojcik, Andy Vansack and John Zack.

Battling Africa Corps 8th Army Enters Tunisia

By WILLIAM B. DICKINSON
Editorial Assistant to the Edmonton Bulletin
Copyright, 1943, by British United Press

LONDON, Jan. 30. — The British Eighth Army battled the retreating Africa Corps today, pushing it 150 miles or less from American forces on the western side of the rapidly contracting African front.

The Middle Eastern command announced today that forward elements of the Eighth Army crossed the border yesterday, on the eastern border.

It was not made clear whether all of the Africa Corps had got out of Tripoli, ending in the Italian peninsula. Mr. King probably will elaborate on these plans to some extent.

Gordon Graydon, Progressive Conservative house leader, will be the first speaker Monday, preceded by the Prime Minister, Mr. C. G. Diefenbaker, and the Opposition leader, Mr. J. L. Macdonald.

No Dissension in African Affairs

By PHIL AULT

A L.I.F.E.D. HEADQUARTERS, Ottawa, Jan. 30. — (AP) — The House of Commons today agreed that the employment of women as trainees, brakemen, yard workers and other auxiliary Canadian railroads can be expected in the near future.

"It is only by filling the jobs with women that it will be possible to carry on," he said. "It is being done in the United States and I can see coming here."

The International Brotherhood of Railway Trainmen

Women Trainmen Can Be Expected Near Future

Winnipeg, Jan. 30. — W. P. Kennedy of Minneapolis, Minn., said in an interview here yesterday that the employment of women as trainees, brakemen, yard workers and other auxiliary Canadian railroads can be expected in the near future.

"It is only by filling the jobs with women that it will be possible to carry on," he said. "It is being done in the United States and I can see coming here."

"Ghostlike" Soldiers Head For Alaska

By ROBERT DOWSON
Editorial Assistant to the Edmonton Bulletin
Copyright, 1943, by British United Press

LONDON, Jan. 30. — Just as Marshal Hermann Goering was preparing to start his speech in celebration of the 10th anniversary of the Nazi accession to power today, British Mosquito planes bombed Berlin for the first time in daylight and caused confusion in the hall where he spoke.

The daring raid made at a time when Berlin's anti-air defenses probably were at full strength—was a complete success. All British planes returned safely, it was said authoritatively.

It was assumed here that only a small force of Mosquitos participated in the attack. The planes are said to have carried, each, a load of carrying a 5,000-pound bomb and making a round trip flight of 120 miles. Today's raid is said to be the first since the attack on the Reichstag in May, 1940.

There was an ironic twist to the raid as the Mosquitos were seen to be carrying a load of incendiary bombs, which were dropped on the city.

There was an ironic twist to the raid as the Mosquitos were seen to be carrying a load of incendiary bombs, which were dropped on the city.

The Bulletin's SPORT SHOW by Hal Dean

SPORTS EDITOR

ALTHOUGH the big fight card out at the Arena tonight which includes the Castiloux-Lust bout for the Services championship occupies the spotlight today, there is no busier man in the city right now than Squire James McCool.

The annual hospital of the Alberta Curling Association starts next week and as the entry deadline is 9 o'clock tonight, it naturally follows that there will be no shortage of work for Secretary Jim for the ensuing 36 hours in order that the green light may be given the boys for the 8 a.m. draw Monday.

Appearance indicate an entry of about 100. Last year 110 got away on opening day with 62, a record number of outside rinks competing. Highest figure for the hospital is 116. In 1930, with an even break between outsiders and city rinks—38 of each.

Up to this morning a total of 23 entries had been received by Secretary McCool and of these 27 were from outside points, with the rest of the expected city rinks as usual waiting until the final day to complete that formality.

Chas. Purvis, of Crossfield, winner of the Bank of Montreal pro tour last year and Lewis T. Orr, of Alameda whose rink caught the T Eaton event in 1932 will be out again. And Billy Ross, Sedgewick, Sid Pawsey, Edmonton, El Aboussay, Wetaskin, George Spierle, Camrose and Jack Rutan, Hardisty are included among those who have the Edmonton "bell" on their annual agenda.

Other outside rinks entered

Seeks Divorce

NORRISTOWN, Pa., Jan. 26.—(AP)—James E. Jimmy Fox, one of the greatest first basemen in baseball annals, was married to divorce yesterday by Helen Helio Fox, who has the Edmonton "bell" on their annual agenda.

Decision Over Allie Stolz Is 59th Straight Victory

Willie Pep's Win Marks New King Record

Vic Pollock and Stan Glover Both Seasoned Boxers

Two of the Army representatives taking part in tonight's fight card at the Arena are quite well known locally.

Cpl. Pollock has lived in the city for several years and was called back from Prince Rupert to appear in one of the preliminaries. He should be in good shape too for he has just completed the tough commando course.

Pollock, a 160-pounder is scheduled to go against AC3 Irving R.C. A.P. McLeod, who weighs 160. Cpl. Stanley Glover, recently transferred back from overseas had been in the pro fight game for a considerable time before enlisting. He has engaged in 117 fights and has never had a knock-out registered against him, although he did lose out on decision 13 times.

In the list of fighters Glover has met is Pre. Al Last, who is Sgt. Dave Castiloux's opponent. The two met in 1941, Last taking the decision. Glover has also fought Al Ford, Nick Sarda, "Mush" Callahan and Ronnie Beaudoin.

Cpl. Glover at 115 is matched against Sgt. Evans, at Lethbridge, 127 pounds.

No Junior Hockey

There will be no junior hockey game tonight on account of the Castiloux-Lust fight at the Arena.

Loser Only Salvages Two Of 10 Rounds

NEW YORK, Jan. 30.—(AP)—The longest winning streak in modern ring history was run up to 59 straight victories Friday night as Willie Pep, a wild-punching little Tiger from Connecticut, smashed out a one-sided 10-round decision over Allie Stolz in Madison Square Garden. Pep weighed 127½; Stolz 133½.

Before the largest crowd to see a fight in the Garden this year—and one of the largest turnouts in the last three years—the New York commission's featherweight champion from Hartford not only continued along the unbeaten trail in his 29-year professional career, but actually won going away from one of the world's ranking lightweights.

Pep floored the Jerseyan once for a two-count in the second round with a sizzling left hook, and opened a small cut alongside Allie's left eye in the eighth session, as he upset the betting boys who had installed the curly-haired Newark stylist a Stolz favorite just before ring time.

Except for the third and fourth heats, when Stolz' body-punching slowed him down temporarily and the eighth, when Allie cut Willie's left eye and staggered him momentarily, the New Englander was in front all the way.

The Associated Press score card gave Pep eight rounds and Stolz two. One of Willie's beats, the third, was given to him by Referee Bill Cavanaugh when Stolz was guilty of low punching.

Jamming every seat in the Garden, a turnout of 19,886—many of them strongly partisan "home-town" rooters from Connecticut—contributed to a gross gate of \$65,800. Between bouts, a war bond auction was put on from the ring and grossed \$173,600.

A far different fighter than the brawling "big-end" boxer who won the New York version of the featherweight crown from Chalky Wright in this same ring two months ago, Willie was full of gilt.

SATURDAY, JANUARY 30, 1943

Can He Repeat?

Spt. Dave Castiloux successfully defended his Canadian welterweight title against Pie Al Lust in Montreal on Nov. 5. Tonight the same two met again out at the Arena for the Services championship, a headline attraction, which also includes AC3 Kenny Lindsay, bantam champion, in a four-round bout with Berthie Higgins, St. John's, also four preliminaries. Lieut. Arthur Donovan, famous fight referee, will handle the two main bouts.

Kaletka Is Leading Scorer In Alberta Senior League

CALGARY, Jan. 30.—(CP)—As the Alberta Service Senior Hockey League clears the decks for the February campaign leading to the playoffs with Currie and Mustangs playing here tonight and Bombers and Wheelers slated to meet in Red Deer.

Curling

Play Area Karts of the Calgary Army team continued to lead the scoring procession by a handsome 12-point margin over team mate Tony Desmarais. Tonight's twin session will open the way for the closing month of league competition.

Presently leading by five points the Curries can just about make their position secure and for Mustangs it will be a crucial test to see if the Alarms are going to be able to extend—maybe catch—Sgt. Tommy Anderson's club in the closing drive. Coach P.O. Thompson is sending the Mustangs out to collect full points at the Arena tonight.

One of the main reasons for Currie's present healthy standing in the league has been the goal scoring and playmaking of Pie Kaletka. Pie, Tony Desmarais, Pie Don Cullen, Pie Andy Chakowski, Pie Don Deacon and Pie Willy Rimsdorf and right up there in the top of the scoring table with only a single player keeping it from being a grand slam for Currie.

P.O. Johnny Chad, Mustangs, has held down third position with an 18-22 total back of Pie Kaletka's hard-core 46 score points and the 34 run up by Pie Desmarais.

According to official records released Friday by President P.O. McDonald, Pie Kaletka has scored 17 goals and has assisted in 29 while Tony has 22 and 12 helpers for his well earned 34.

Since scoring averages last appeared Pie Kaletka has increased his lead over team mate Desmarais. Last time he had a nine point margin while today he leads by an even score.

Official scoring averages:

	W	L	D	P	A	P	W	L	D

No!...Not "Good-Bye"!

THIS distillery, one of Canada's and United States, is taking a holiday from its regular job of producing beverages. But it will be the busiest kind of holiday! To help bring this war to a successful end we must, from now on, use the entire time, skill and resources of our plant in the production of high-proof industrial alcohol.

During our "holiday" we shall be absent from the pages of this newspaper. However, this does not mean our products will be absent from the vendors' shelves. At the normal rate of consumption we have sufficient stocks of properly matured dry whiskies and London dry gins to last several years. These we will distribute so as to maintain stocks at all stores throughout the province. But we do urge everyone, in the common interest, to be moderate in the use of these beverages—to ration themselves.

We are hoping sometime soon to take a holiday from our "holiday," so that we may get back to work and add to our beverage stocks. Just how soon that will be no one can predict.

So, as we temporarily take leave of you, our friends, we ask you to remember that it was our aim to keep your favorite brands in continuous supply—and they will be, if used in moderation by all.

Au revoir!

Starlets Defeat Bissell by 29-15

Starlets checked up another win when they defeated Bissell 29-15 in a City Girls' basketball League game played at the Y.W. Friday night.

Margaret LeLachur with nine points and Marie Duke with eight led the pace for the Starlets while Jean Chandler led the Bissell team with six counters.

Both clubs played even in the first quarter with four points each, but the Starlets were ahead in the second by out-counting the losers 12-6 to make the half time score 12-6.

The teams played to an even five in the third session and the Starlets out-hopped Bissell by one basket in the last quarter.

LINUPS
Bissell: Eleanor Robertson 2, Jean Chandler 6, Dot Quilty 2, Gwen Riddle 1, Bella Riddle, Dot Chandler, Dot Myers 2, Leona Reddell, Total 15.
Starlets: Margaret LeLachur 9, May Irving 4, Denise Calaway, Dot Bolander, Shirley Thompson, Gladys Lanning, Marie McRural 3, Marie Duke 4, Connie Strickman 2, Vera Hild 2, Evelyn McCormick, Total 29.
Officials: Tommy Derbyshire and Dave Kasher.

Winnipeg Navy Beats Army 11-3

WINNIPEG, Jan. 30.—(CP)—Harry Neil's H.M.C.s, Chippewas played within a game of R.C.A.F. Flyers in the Winnipeg Senior Services Hockey League Saturday night by whipping the Army 11-3.

Ordinary Seaman Ducky Saper and Babe Hanulak with two each and Jeff Johns, Bob Ballance, Stigg Miller, Vic Loveland, Joe Bell, Lou Medynak, and Bill Landall, getting the Navy counters.

Rangers Profit By Not Winning

NEW YORK, Jan. 30.—(AP)—New York Rangers of the National Hockey League are wondering a little if it pays to have a winning team after all.

The club is a feeble last in the standings, but on the basis of 14 home games they actually are \$6,000 ahead of profits of last year at a similar stage. Last year they came away with the hunting for the regular season.

Ontario Curling Group winners playdown in the Ontario Silver Tankard, Gordon trophy, Governor-General's trophy and the Globe and Mail trophy competitions will be played Feb. 4, it was announced Friday by W. C. McMurtry, secretary of the Ontario Curling Association.

STORK ABOUT WILLIE PEP
Continued from Page Six

top-end-guy all the way last night. He is victory, he has all but snuffed out the hope that Willie Pep might be some time climbing to the light-weight throne, for it marked the third time Willie had come up to a big test—and failed.

Willie walked out in the first round and bounced a snappy opponent off Stolz' knee. For a while Willie concentrated on making his riches into the body and making Willie miss, but in the second round, as the boxer moved away from a right hand field, Pep fouled him by hitting him in the left, and there was a slight back on his back. He was up at two, but at the end of the round he still appeared confused and walked to the wrong corner.

For the rest of the way it was one of the hottest battles in the little men seen in these parts in a long time. In the fourth, after Willie "winded" from his belly body shots, but back came the package of pay at the fifth and brought the crowd to its feet by just wading in.

Yankees, Red Sox Pay Most Major League Ball Players Now Under Ceiling Regulations

NEW YORK, Jan. 30.—(CP)—Governmental salary restrictions will give baseball an informal secret society the year known as the "ceiling club" and composed of the highest-paid players from each of the 16 major league teams.

In theory, at least, the personnel of the "ceiling club" will be so mysterious that most of the members won't know each other. To establish a ceiling for 1963 contracts the two leagues will file with the bureau of internal revenue a schedule showing the top sum paid a player last year, but names will not be given.

This means that two lists will be turned in reading something like this:

...know the 16 major league teams. The highest-paid players from the 16 major league teams.

...in theory, at least, the personnel of the "ceiling club" will be the most mysterious. The club members won't know each other. To establish a ceiling for 1983 contracts, the league will file with the bureau of Internal Revenue a list of the players and their salaries will not be disclosed. The club will play a player last year, but the names will not be disclosed. The club will play a player last year, but the names will not be disclosed.

...the two lists will be

Relief in Unemployment Reveals Huge Decrease; Tourist Total Down 58%

Statistical reports issued by W. D. King, deputy minister of trade and industry, covering the first ten months of 1942, show gains in most agricultural products, sharp losses in tourist trade, value of fur pelts, and a huge drop in unemployment relief registration.

Pays Interest

Reflecting a general war trend, sales of new motor vehicles rose 72 per cent, with 2,055 vehicles sold having a total value of \$27,521. This is explained as a last-minute rush to secure automobiles while the money lasted.

Unemployment relief registration declined by 49 per cent to a total of 5,184 persons, compared with previous 10 months.

HORSE EXPORTS UP

Continuing the upward trend shown in earlier reports for 1942, horse exports rose by 8 per cent with shipments numbering 814, head valued at \$37,000. Cattle exports rose 24 per cent with 14,831 head valued at \$418,735, and packing plant export of sheep and lambs rose 68 per cent, with 38,000 head worth \$566,000.

Livestock Marketing continuing to rise, cattle showing a gain of 29 per cent, with 21,594 head valued at \$1,544,837; calves numbered 7,524, worth \$1,057,128; a gain of 13 per cent. Hogs rose 51 per cent, with 1,729,945 head valued at \$13,388,570. Packing plant production showed a gain of 10 per cent, with output at 29,710,451 pounds, having a value of \$39,274,053, over the 10-month period.MILK AND FLOUR Production of concentrated milk continued its war time gains, with output at 2,000,000 pounds in 21 months of war.

One British destroyer flotilla steamed more than 1,000,000 miles in 21 months of war.

Cold Weather Still Hangs on; 21 Below Zero

The long-pending break in the weather has been to materialize, and temperatures during the past 24 hours virtually repeated the previous readings. Last reading Saturday morning was 21 below.

High point on Friday was registered when the thermometer reached two below zero. Low point Saturday morning was 22 below.

The forecast promises no warmer weather and reads "partly cloudy and moderately cold with scattered snow flurries."

Temperatures are low again in the north with Keg River showing a low point of 32 below. Warmest place in the north was Fairview with two below.

Of the cities highest reading was 17 at Fort, who has returned home after service in the R.C.A.F. He was educated at Westmont Public and High schools, and of Technical school. He joined the R.C.A.F. early in the war and was trained at No. 3 "M" Depot here, at Toronto and Saskatoon. Prior to enlisting he was employed by the R.C.N. Having received an honorable discharge for reasons of health, he has returned to civilian life.

McCauley Concerts Raise Large Sum

The sum of approximately \$170 was raised at Wetaskiwin, where the McCauley Concert group presented a concert Friday evening under the auspices of the Sons of Norway. Following a dinner, the concert was largely attended, and there was standing room only in the large hall.

A large number of names were given to the fund and it was reported that the Women's Auxiliary of the Sons of Norway is making an extra effort under the auspices of the Sons of Norway. Friday night's concert was the "600th concert," and this concert the aggregate sum raised by the Concert group reached a total of \$1,000. The next concert will be held at Rabbit Hill next Friday night.

The Inquiring Reporter

THE QUESTION

What do you think of the proposal that the city of Edmonton fire insurance risk?

THE ANSWERS

MARTIN FRASER, clerk: I am not greatly impressed with the idea. I think it is a very risky thing to do. It should be made during the war period. There is always the danger of sabotage, and sabotage in the form that would appear to be a natural thing. Fires from this cause might create such damage that the city might be financially crippled for years as a result.

PETER THOMPSON, bookkeeper: I think the suggestion an excellent one. Many of the United States cities have been carrying their own fire insurance for a considerable period and have not had any serious fire losses. There have been no fire involving civic property for a considerable time.

WILLIAM JONES, salesman: I would not advocate a complete change from the present policy of buying insurance. A policy of gradual change should be adopted in my opinion if the city could accept the principle of the city carrying its own risk.

Back Home Old-Time City Banker Promoted To Important Eastern Position

John L. Jack, Adam, manager of the Royal Bank of Canada, west-end branch, since November, 1938, has been promoted to the assistant general manager, department, Toronto, and will leave on Saturday next to take up his new duties.

Prior to becoming manager of the west-end branch, Mr. Jack was assistant manager of the main branch here. He came to Edmonton from Calgary, where he was attached to the supervisory department as staff officer.

Mr. Adam joined the Royal Bank of Canada in Calgary in 1917 as a junior officer and has made rapid progress since that date.

He has served at many points in Alberta and was in charge of the bank's branch at Fort Valley for six months, when an office was opened there in 1928 to meet the business expansion consequent on the development of the field.

Mr. Adam came to Canada with his parents and received his education in Calgary public schools and at the University of Alberta. He is an Anglican, and takes part in the affairs of All Saints parish.

Succeeding Mr. Adams as manager of the west-end branch will be Mr. Brookes, who is being promoted to the position of assistant manager, Calgary. Mr. Brookes arrived here in 1938.

Mr. Adam's last assignment was in Calgary in 1941 and joined the staff of the Union Bank of Canada in that year.

Man Is Injured

William Gilbert, 21 years old, of 1084 1/2 street, lost four fingers of his left hand as the result of an accident at the Handy Press at 35 Friday.

The accident occurred when Gilbert was caught in a machine he was feeding and got badly crushed. He was rushed to the Royal Alexandra hospital where it was found necessary to amputate the small finger of his left hand.

Brig. Harvey Here

Brig. F. H. Harvey, V.C., M.C., general officer commanding M.C. arrived in Edmonton Saturday for a brief inspection of military facilities here.

He is the city's high staff officer who will attend the boxing show at the Arena Saturday night.

Jackson Bros. Jewelers, Ltd.

Are CLOSING OUT Entirely

This jewelry establishment began as a jewelry store in 1886 and while we are sorry to close entirely, it has to be done because of ill health of the Managing Director who has been ordered to a lower altitude.

The merchandise has all been sold to a large departmental store.

The following fixtures and equipment is now for sale:

- Wall cases—eleven in number.
- Counter cases—ten in number.
- Small floor cases, chairs, three umbrellas, cases, tables, linoleum.
- Jewelry trays.
- Outside Neon sign.
- Desk, typewriter, filing cabinets, two large Kardex steel cabinets, transfer drawers.

Getting Around

with Jack DeLong

This is indeed the age of the engineer. Another engineering triumph has been scored, this time in Canada's province of Quebec. After two years of official secrecy the story of the gigantic power development near Shipshaw, Que., is now being told.

It is a power development greater than famed Boulder Dam, the Arizona construction that supplies much of California with power, and is a real rival in potential output to Grand Coulee, often referred to as the greatest engineering masterpiece in the history of man.

The story of a mighty river was changed to build the Quebec system, which will probably become the world's greatest power system.

Right now, three of the plants have an installed capacity of 1,160. Continued on Page Sixteen

Cut ARP Meetings In Cold Weather

Owing to the coal shortage in the Public Schools it has become necessary to postpone all ARP meetings with the exception of the following first class.

Monday, King Edward school basement.

Tuesday, Riverside and Alberta Avenue Community League hall.

Classes will be re-opened at the earliest possible date.

The club two new courses in "Fire-Fighting and Rescue Work" and "Poison Cases and Decomposition," which were to have commenced on Feb. 2.

DOROTHY DIX SAYS—

Marriage Reaches Zero Hour in Third Year

Average Couple Find That Marriage Isn't a Perpetual Petting Party: Men and Women Must Fight This Dark Hour

"When is the zero hour for marriage?" The end of the seventh year is the critical time, according to an English justice who has tried many divorce cases. He thinks it is especially dangerous for women because they are still young and good-looking, still avid for the flatteries and calorifics and love-making which their husbands have stopped giving them. Hence they fall victims for any attractive man with a slick line, who "understands" them.

The same authority also thinks that it is about the same time that husbands begin to develop wandering feet. A lot of the girl has rubbed off of the ginger bread of marriage for them. It is no longer a matter of thrill, but mostly of life. They have grown tired of looking at the same face across the breakfast table, and their eyes begin to roam around in search of a prettier and fresher one that they are only too apt to find.

In this country, where all life is speeded up from the cradle to the grave, the dissolutions of marriage come quicker, and it doesn't take the average couple more than three years to reach the danger line. They find out that marriage isn't the perpetual petting party they thought it would be, and that

instead of being two souls with but a single thought, two hearts that beat as one, that they are practically strangers to each other and in more apt to quarrel than to agree.

WEAR POORLY

The wife has found out that her husband isn't the noble hero she thought he was. He is a selfish, egotistical, and avaricious little man who grows if his dinner is ten minutes late, and who swears a blue streak if his collar button rolls under the bureau. And the husband discovers that his wife is not the angel of his dreams, but a woman with temper and nerves and queer ways, who is a poor cook and a bad manager.

And if there are babies who tie up the hands of both, but when they are looking to step out and go places, who keep them at night with their squalling, and who put them in debt for certified milk, patented foods, bottles, and the million other luxuries that modern babies require, it is the husband and wife who are tempted to call marriage a waste of time and throw up their hands and quit.

Particularly is this true in the case of the husband, who has been reared in comfortable homes, get married and at once find out that the small salary that the bridegroom earns. They have fallen for the romantic propaganda that love is enough and that they can subsist on bread and butter and kisses. But, after marriage they crave lobster thermidor and fish mignon just as they did before marriage, and have the same interest in new clothes.

Also they discover that while love is the mercurial on the lemon pie, it isn't the filling, nor even the pastry, and that it takes a number of things besides love to keep married happy and contented. Such as going with the people they have always gone with, belonging to their old clubs, being able to afford some amusements, not having to count every penny.

TAKES GOOD CHARACTER

So it is no wonder that so many matrimonial barges crash on the rocks of reality so early in the voyage. For Percival and Agnes have to drop out of the first crowd because they haven't the energy when Agnes is still growing old and haggard before her time, slaving at domestic tasks and not knowing how to do, with stringy hair that cries aloud for a new permanent and curl in last year's slabby clothes, when Percival is surrounded by bulletproof, sleek and cuts his hair in the cheap barber's, they are ready to chuck their marriage certificate and swim for the life preserver of divorce, unless they are of a harder breed than most of our countrymen.

And yet if men and women only had the courage and the wisdom to fight through this dark hour that comes to almost every marriage, how many bitter regrets they might have themselves, how much lasting happiness they might achieve. For the dark hour does not cure the hurt in a wounded heart, nor does it comfort lonely souls. It is a dark hour that affords a chance for a disappointment in marriage, they only add scandal to all the other griefs.

But to the husband and wife who realize that marriage is no more than anything else and that they have come to the danger point in their life, and who meet the situation with bravery and intelligence, there is a rich reward. They may have to start nearly from the mine fields and weather many storms, but they will come out on the other side with a new life and a new harbor in which to anchor when they are old.

LARGEST AMERICAN BEAR

Shown in the largest bear on the American continent, exceeding even the famous grizzly in size.

Points For Parents

By EDITH THOMAS WALLACE

This Mother: "No, Mary, don't straighten Alice's room. She must do it herself when she comes home."

Not This Mother: "Mary is my good little housekeeper. She takes care of her room and Alice, too. Alice is our greatest help."

It is unfair to both the neat and the careless sister to allow one to do the work for both.

McCoys Health Service

By WILLIAM E. MCKENNEY, America's Card Authority

My last stop on my recent trip was at Pittsburgh where I met the officers and board members of the Pittsburgh Branch Association. It was at Pittsburgh that one of our greatest national tournaments was held, and I am confident that this same organization will produce great results in behalf of War Orphans. Scholars and athletes at the meeting I had a chance to knit a few hands in Ray Henderson's

The stomach is a muscular sac which does three things: It stores food which has been swallowed; it secretes gastric juice, and it grinds the food and pushes it through the stomach. The normal, healthy stomach contains hydrochloric acid, or free acid, which is thrown out in varying amounts. The stomach also secretes a substance which in the presence of an acid becomes pepsin. Pepsin is a powerful enzyme which breaks up proteins, such as meat, into more simple materials. Rennin is also secreted, which is the power of coagulating milk.

It is difficult to say how much gastric juice is thrown out by the average stomach in a day, but it is estimated that the average stomach secretes about one quart of gastric juice. The gastric juice is caused to flow by two factors: First, the smell of food, and second, the sight of food. The smell of food is a powerful stimulus, and the sight of food is also a powerful stimulus. The stomach is a muscular sac which does three things: It stores food which has been swallowed; it secretes gastric juice, and it grinds the food and pushes it through the stomach.

The secretions which the stomach secretes are: gastric juice, which is a mixture of hydrochloric acid, pepsin, and rennin; and mucus, which is a sticky substance which coats the stomach wall. The gastric juice is a powerful enzyme which breaks up proteins, such as meat, into more simple materials. Rennin is also secreted, which is the power of coagulating milk. The mucus is a sticky substance which coats the stomach wall. The stomach is a muscular sac which does three things: It stores food which has been swallowed; it secretes gastric juice, and it grinds the food and pushes it through the stomach.

With the South cards, Henderson is the jack of spades won the first trick, although he had the ace and dummy had a singleton. He saw that if he won the trick, and looked at his hand, the whole environment is full of allures for the child whose stomach is in a comfortable, happy, and contented state. It is a world of sorrow, no matter how much attention he gets, when he is cold, wet, and hungry. He is a world of sorrow, no matter how much attention he gets, when he is cold, wet, and hungry. He is a world of sorrow, no matter how much attention he gets, when he is cold, wet, and hungry.

All questions regarding health and diet will be answered. Large, self-addressed envelope may be enclosed. Write on one side of paper only. Letters must not exceed 150 words. Address: McCoys Health Service, The McCoys Building, 1311 West 6th Street, Los Angeles, Calif.

District News in Brief

Rosalind Girl Marries Recently

ROSALIND—Mildred Pitt, youngest daughter of Mr. and Mrs. Harry C. Potter became the bride recently of William Anderson, only son of Mr. and Mrs. Arnold C. Anderson of Camrose. The Rev. A. Miller officiated. Attendees were Miss Irene Potter and Vernon Potter. They will make their home at Kelso.

Mrs. Art Swann, Camrose is substituting during Miss Hurlbut's illness. . . . Phyllis Hartman has had an operation for appendicitis. . . . More coal will now be available as the roads to Mill's mine have been opened. . . . Birthdays were recently celebrated by Glenys Evans, Colleen Macdonald and Irene and Stanley Benz. . . . A daughter was born recently to Mr. and Mrs. Stanley Gould.

Gleaned From Rural News

MARWAYNE.—Temperatures here during the recent cold spell ranged from 63 below zero at night to 36 below as the highest reading.

BUSBY.—Mrs. Charles Richmond was guest to dinner at a shower held at the Independence Hall near Alameda recently. She is the former Ella Bailey. Among the many guests were AG and Mrs. Chas. Whitson. Mrs. Whitson is the former Mildred Bailey.

Mrs. E. Bell Heads St. Andrew's W.A.

LACOMBE.—Mrs. E. Bell was elected president of the Young Women's Auxiliary of St. Andrew's United Church at the annual meet-

PRIVATE BREGER ABROAD - - By Sgt. Breger

"Platoon D all present or accounted for, Sir, 16 men on KP, 2 latrine orderlies, 8 sentry duty, 15 in hospital, 7 on sick call, 1 charge of quarters, 18 on fatigue detail, and 4 on leave!"

ing. Other officers elected are: Vice-president, Mrs. J. Macdonald; second vice-president, Mrs. George Brooks; secretary, Mrs. Stan Smith; treasurer, Mrs. A. Colwell; press representative, Mrs. E. J. Edmondson; music convener, Mrs. H. E. Wilson.

Mr. and Mrs. P. W. Pratt and Mr. and Mrs. W. N. Morrison attended the recent gathering of the C.N.R. in Calgary. . . . Mrs. David Macdonald, and son, Jimmy, who have been visiting with Major Macdonald in Kingston, Ont., have returned from the east.

With The Railroaders

On National Lines

Cirman's helper Lorne Somers has enlisted in the Canadian Active Army and commenced training this week. Lorne had been employed by the railway for several years and has worked in many branches of the service.

B. A. Latta of Winnipeg, general superintendent of the C.N.R. Eastern western region, stopped off in the city for a short time this week on his return from his summer trip to the Pacific coast.

Artiller Bill Paley, R.C.N.V.R. former machine gunner, is home on leave visiting his parents and friends.

LAL Mel Bradford, R.C.A.F. enlisted in Calgary, was in the city on a short leave last week. He is the son of solicitor B. Bradford and Mrs. Bradford.

IMPROVE STATION

General improvement are being made on the station at Dodds with painting and redecorating under way.

Desired Engineer Burgo Doyle was presented with a case of smoking pipes at a retirement meeting of one Brotherhood of Locomotive Engineers this week.

JOINS AIR FORCE

Jim Lyle, maintenance employee for T.C.A., has enlisted in the R.C.A.F. and goes into training shortly. A small farewell party was held in his honor by fellow maintenance employees on Monday night.

Mrs. Brown left Edmonton this week to visit her husband, James, who is in the R.C.A.F. former crew chief.

Word has been received by Locomotive Foreman Neil McKay and Mrs. McKay of Vernon of the safe arrival of one of the sons, Lieut. Jack McKay.

Desired Carman R. C. Webster and Mrs. Webster had as their guest this week their granddaughters.

"People follow him for miles just to smell him! He works in a soap-making plant!"

One Million Lines for Victory

Not One Line About Our Products

Recent Federal Government Regulations Prohibiting the Advertising of Brewery Products Coincides with the Policy that was Adopted by the Alberta Brewing Industry Over Two Years Ago!

Since November, 1940, over two years ago, the Brewing Industry of Alberta has not released one single line of advertising for Brewery Products in any publication in Alberta. The Entire advertising funds of the Association of Alberta Breweries has been, from that date, donated to the Dominion Government to assist in their War Savings Certificates, Victory Loan, Salvage and Recruiting drives. In so doing we were the first in Canada to throw our entire advertising Appropriation into Canada's War Effort . . . and at the same time maintaining important revenue for Weeklies, Dailies and Farm papers within the Province.

We are proud to announce that we have paid for over ONE MILLION lines of advertising on behalf of government services since November, 1940 . . . and we feel it is only fair that you should know about it!

Booklet Shows C.P.R. Aid to Wartime Canada

WINNIPEG, Man., Jan. 20.—With pictures and up-to-date statistics the Canadian Pacific Railway, in the illustrated booklet, "The Canadian Pacific at War," now being widely distributed through the Dominion, presents the fourth year of the struggle against the Axis.

The booklet reveals that the railway now has 15,130 employees in war services, including 4,886 seasonal and emergency services, manning Canadian Pacific and other ships carrying troops and war supplies. Production of tanks and naval guns in Canadian Pacific shops where locomotives and cars previously were serviced; the job the railway is doing in carrying men and women of the armed forces, in moving wartime freight expeditiously; the contribution, its ships, nine of which already have been lost through enemy action, is making in the war effort, and the splendid work being done by a rapidly expanding army of women replacing men in what used to be purely masculine fields, are dealt with.

THREE PAGES

Three pages are devoted to the newest branch of the railway—Canadian Pacific Air Lines, operating six air passenger services, one elementary flying training school and five overhaul and repair plants for the R.C.A.F. in addition to operating numerous vital important air communications links the north, at present more than eighty percent of Canadian Pacific Air Lines traffic is of a wartime character.

C.P.R. News

A. H. Williams, coal contractor, Calgary, was in Edmonton this week on business.

Feed Player, formerly of the ticket office in Calgary, has taken over his duties in the Edmonton ticket office. He succeeds J. R. Patenaude.

Mark Lavigne, formerly agent for the C.P.R. at Beauval, who has been on leave of absence on account of illness, passed away recently. His death came as a great shock to his many friends and acquaintances on the railway, and the deepest sympathy of all is extended to his wife and family.

W. H. Thompson, formerly first track dispatcher in the Edmonton dispatchers' office, who has been on leave of absence on account of illness, has returned to work. He has assumed the duties of "operator" in the chief dispatchers' office.

Horace Vought, formerly employed as a clerk at South Edmonton, has resigned from his services of the company. He is being replaced by L. J. Johnson, formerly of the communications department at Edmonton.

Wings Presented Alberta Pilots

VULCAN, Jan. 20 (CP)—A class of pilots completed their course in instruction flying and were graduated recently from No. 2 Flying Instruction school. The class included Alberta Pilot Officers A. A. McPherson, D. K. McKillop, and

ter, Faith of Cranbrook, B.C. who is on her way to Montreal to commence training as a nurse.

HOME ON LEAVE. Former car checker Bill Fleming is home on leave and visiting his parents and friends in the city. Bill worked in both Edmonton and Jasper for the C.N.R. prior to his enlistment.

Word has been received by Engineer L. S. Bell and Mrs. Bell that their son, JAC. Sewell Bell, has been transferred from high river to McLeod.

Congratulations are extended on the birth of a daughter to Cpl. Wm. Elliot, overseas with an armored regiment and to Mrs. Elliot. The baby has been named Mary Katherine Jayne. Mrs. Elliot was the former Katherine Parker, daughter of Switch Tender C. G. Parker and Mrs. Parker.

L. C. Malone, general chairman of the 16 of R.T. C.N.R. Western Lines, was a city visitor on Thursday and attended a joint meeting of Lodge No. 102. Mr. Malone left for Saskatoon Wednesday morning.

Tramman J. A. Kenny has transferred from freight to passenger service and is now on the run to Wagon.

N.A.R. News

Former Watchman Johnny McDonald, R.C.N.V.R., who has been stationed on the coast east has returned on leave to the city.

Engineer J. G. Fleming has returned to the city after a visit with his relations in eastern Canada.

Marshall Hector McDonald is off work due to an injury.

Painter Dies

ONTARIO, Ont. Jan. 20.—(CP)—William "Maiden" Cull, well known as a portrait and marine painter, died yesterday at his home in Port Perry, 15 miles north of here. He was 85. Mrs. W. S. Cull of Calgary is a daughter.

'I Am a Murderer'

BY MORRIS MARKEY

THE STORY: This is the story of the "perfect crime"—the murder of the young Mrs. Henderson, who was found dead in the library of the home of her husband, Mr. Henderson, a wealthy businessman. The story is told in a series of chapters, each beginning with a chapter heading and a short paragraph of text. The story is a mystery, and the reader is invited to solve the crime.

CHAPTER I
COLONEL MIDWINTER
picked up a card from his desk, and examined it quickly and handed it to Grace. "Will you please telephone Mr. Vaughan Dunbar at the house he indicates here and ask him to dine with us this evening."

Grace said, "Certainly, but I have a general change of a deplorable nature occurred in my blood stream."

SUPERMAN

PERHAPS WE OUGHT TO CALL OFF THE APPEARANCE OF THE VICTORY CARAVAN IN STONEYVILLE

BUT... WHY??

JERRY SIEGEL AND JOE SHUSTER

HAVING SUCCEEDED IN RECONCILING JIM MASON, AND BOB FRANKLIN, DIRECTOR TOM SEGREVICO REJOINS THE HOLLYWOOD VICTORY CARAVAN IN STONEYVILLE TO GETHER WITH HIS TWO TEMPERAMENTAL STARS. IN RESPONSE TO A REQUEST, THE ENTIRE CAST OF THE CARAVAN ASSEMBLES IN THE OFFICE OF THE MAYOR.

170

YESTERDAY, AN AIRPLANE DROPPED A BARRAGE OF LEAFLETS OVER OUR CITY

HERE IS ONE OF THE LEAFLETS.

CITIZENS OF STONEVILLE!

ATTEND THE
VICTORY CARAVAN
PERFORMANCE
AT YOUR OWN PERIL!
...

FOR THE PROTECTION OF THE GARZANO'S PERSONNEL, IT MIGHT BE BEST IF YOU DIDN'T GO AHEAD WITH THE PERFORMANCE.

WHAT SHALL WE DO?

GO ON WITH THE SHOW!!

(I-A GAME WITH A BUNCH!)

CLARK'S AMAZING X-RAY VISION REVEALS THE BOYS CANNISLY CONCEALED WITH THE FLOWERS...

 A close-up of Clark Kent's face, showing his intense concentration as he uses his X-ray vision. He is holding a flower, and his hand is positioned to look through it. The background is dark and textured, emphasizing the focus on his face and the flower.

REACHING OUT, CLARK PLUCKS OUT THE BOMB AND HELDS IT AWAY AT SO GREAT A SPEED NO ONE WITNESSES HIS ACTION....

["ON YOUR WAY!"]

A black and white comic book panel showing Clark Kent, wearing his glasses and a suit, reaching out with his right hand to pluck a bomb from the air. The bomb is a small, round object with a lit fuse. A crowd of people is visible in the background, looking on with expressions of surprise and concern. A speech bubble from Clark says, "['ON YOUR WAY!']". Above the panel, a caption reads: "REACHING OUT, CLARK PLUCKS OUT THE BOMB AND HELDS IT AWAY AT SO GREAT A SPEED NO ONE WITNESSES HIS ACTION....".

IT SEEMS THAT THAT THREAT WAS A CRANKS EMPTY GESTURE. THE SHOWS STARTED ALREADY AND THERE'S BEEN NO TROUBLE.

-YET! (IF ONLY LOIS KNEW AS FOR ME, I EXPECT PLENTY MORE NIGHTS BEFORE THIS PERFORMANCE IS FINISHED)

THIS-THIS IS BEGINNING OF THAT THAT LEAFLET THREATENED!

I-GOT TO GET INTO ACTION AS SUPERMAN AT ONCE- BEFORE THE AUDIENCE PLUGS ITSELF IN RANC.
